

## DIRECT PAYMENT OPTION: AMERIMED CANCUN HOSPITAL

---

We are glad to inform you that [Amerimed Cancun Hospital](#), one of our medical providers under contract, is available for medical attention and treatment of covered conditions, offering direct payment option for all the necessary medical specialties, including their new facilities in **Laya del Carmen** and **Cozumel**.

In order to continue protecting our members and our products' sustainability, we have decided to **remove the direct payment option** for elective and emergency services with [Galenia Hospital Cancun](#).

Our members will still be able to get medical services and treatment from this medical services provider; nevertheless, **effective immediately**, all covered medical expenses must be processed as reimbursement and

evaluated according to the Usual, Customary and Reasonable (UCR) costs in the region.

For any questions regarding coverage and medical providers in Cancun, please contact our Medical Department (Precert) at [precert@bestdoctorsinsurance.com](mailto:precert@bestdoctorsinsurance.com), available 24/7.
